**Cronus (1/2/18)**

Well, it's a long one and it's my "Earth Birthday" as Diane. Coeus explains how I channel his messages from a scientific viewpoint, while I explain it more graphically. Cronus speaks of the upcoming energies that will affect our planet.

**People say to adjust (?) we use a hammer and nails.**

*(D) I missed you.*

**Flip your heart this way.**

*(D) Rats! I missed the word after "dictate." Was it...*

**Your core being is relaxed; your wits are cantankerously controlled by your willingness to report truths within the confines of human logic.**

**Tell them that you wanted to see my face. Tell them the rest.**

*(D) It's kind of a long story. When he showed me his face, it reminded me of Harry who was an earthbound entity; it's all in my book. I visited Harry on the Astral Plane and also found him in several other dimensions. He felt like my husband. There was such an intense love.*

*(D) I tried to touch Coeus face and he grasped my hand, rolled it up into a fist within his own, and sweetly held it to his face. What a beautiful birthday gift. I couldn't have asked for a better one.*

**There is a lot of love there within the confines of the human heart.**

*(D) I'm getting hot all of the sudden.*

**You're suppose to be relaxing, without the human need to resist the temptation to report the truths with your mind; not your heart which needs time to synchronize with these fine messages.**

**Your realities exist in two parts. They contain logic and truths concurrently.**

*(D) I thought that you said something about free will?*

**It's your choice to determine which road or path to follow; down that rocky road to conquest realities that need to control project (?) outcomes.**

*(D) I got stuck on the word "pro-ject."*

*(D) I find it fascinating how you can control my bodily functions. All the sudden I got constipated. He's trying to*

*point out that my brain is constipated. LOL*

**Project! ...project the truths!**

*(D) Laughter/joy seems to help open up my heart. It gets my blood flowing through my heart and it beats harder; so I can more clearly hear your words with each beat. I seem to have to yawn a lot too and roll around in the bed. Then my heart beats harder, making it easier to hear, see, and feel you. I'm always concerned that if I move, it will be more difficult to hear, see, and feel you; but it actually helps.*

**That defines a space, to which you can confine the words.**

*(D) It would be helpful if we could talk more about channeling messages.*

**It's an electronic stimuli, to which certain conditions exists simultaneously within the walls of your central nervous systems ability to...pulses and waves; sine waves.**

*(D) I have no idea what those are by the way.*

**The synapses in which your heart regulates.**

*(D) I listen to the beat of the heart and I hear a word or two, then I pause.*

**You're perplexed by your ability to think, talk, and listen to every little phrase confining your own wants and needs to record both my words simultaneously, with transcribing messages. Don't think!**

*(D) He has a point there. I kind of have to repeat his words sometimes, because when I pause to listen, I have to listen to the heart beat to hear a word on the beat. So I probably shouldn't be thinking so hard. Oh, never mind, you already said that! OK, so I'm just rambling again aren't I?*

**The truths exist in your minds ability to comprehend what's being said currently with your need**

**to exist in the moments solitary...**

*(D) You said “moments” not moment.*

*(D) He’s giving me a hand gesture, like a wavy sign. Oh a sine wave. Up and down; a smooth flowing wave.*

*(D) So, I had to make a trip to the bathroom. As I was sitting on the potty, he was showing me two waves. I was worried about getting back into the groove once I got to bed. But he explained that it’s not my head; but my heart, and yawning brings more oxygen to the heart.*

**It’s a confidence and willingness through knowingness to receive these words accurately. NOT; use “CAP’s,” NOT your brains CAPacity.**

*(D) Oh, that’s cute. LMAO. He’s making a joke.*

**CapASSity; not your brains capacity.**

*(D) That’s hysterical. You make me laugh. You’re making me snort. That’s so funny.*

**My dry sense of humor and wit proceeds me.**

**I love your ability for you see my words of truths for humanity sake.**

*(D) I’m still laughing.*

**You don’t fail to recognize truths as they exist. Come on, it wasn’t that funny.**

*(D) Yes it was, it was really good. OMG, you’re making me snort. LOL*

**Your sense of humor precedes your willingness to record the words within the worlds linguistic receptive states of pleasure.**

*(D) LOL, stop it. Oh, you wanted me to ask a question earlier. I was talking to Chris about the Bible about dialect and how they talked 2000 years ago. What would happen in 2000 years, when people listen to my words as your scribe? When they hear my words, they will probably be misinterpreted because of my dialect.*

*Would you like to elaborate on that?*

**Tell them what you're feeling.**

*(D) I'm getting really hot again and I'm feeling something here in the center of my chest.*

*3/12/18 Update. I thought that I'd find a picture of the Christed sacred heart online. I was shocked to find out that many pictures show Jesus; The Christ and Mother Mary show them pointing at it.*

**Don't point at it; tell them where it is; the sternum.**

*(D) It's the point in between the breasts on the big bone in the middle of your ribcage. It doesn't hurt, it feels like a tightness; it's a pretty good size, about 6-8 inches. It's almost up to my throat area. OK, I'm getting there, it's the **Sacred Heart** as we call it.*

*(D) Its almost throbbing like a heartbeat; a pulsing sensation. The reason it feels tight is it's like an electronic thing or a pulsing sensation; similar to the physical heart. I probably shouldn't use the word "thing," as people won't know what I mean.*

**It's an electronic stimulus that pulses out, like a radio wave or sine wave, and it receives. This is your centralized core for synchronizing...**

*(D) Wow that was wild...*

**...massive amounts of data.**

*(D) All of the sudden, my head was flooded with a pulsing sensation.*

**It was like a bowl of jello; giggling.**

*(D) It was just for a moment.*

*(D) He's trying to explain by showing me. He says that it's happening here; pointing to his head, but it's within the sacred space.*

*(D) OK, I see.*

**It's within the minds ability to perceive the information.**

*(D) So the words are up there in the brain, but not in the heart. Wow, this is going to be so hard to tell people.*

*(D) So it's like, oh man. It's not like the brain and heart have to work together, but...if you need to do it again, go ahead.*

*(D) There are all these little "side notes." I'm sorry, I'm going to confuse everybody.*

*(D) I said, "oh man," and he doesn't like it and says, "oh WOman," because in the future someone might think that there were only men on this planet. He has a valid point.*

**...back to the core message.**

**You get a little side-tracked with my exuberance to report the truths.**

*(D) Imagine that.*

*(D) So the heart space responds...*

**to the stimuli's sent.**

**Pulsing cosmic waves are bombarding your hearts synapses.**

*(D) I'm getting a light show. How am I going to describe this one. I'm see a mass of lines, with more mass in the middle than the outside. It spreads out in the center.*

**Radiates out, like a burst of fresh air on the morning dew.**

**You're getting side-tracked by the pictorial image.**

**It's important to accurately record the entire sequence of the visual equity and the hearts willingness to receive these accurate truths; represented within your sacred heart sanct...**

*(D) He's showing me a twisting and stretching motion with the word. I've been hung up on it for several minutes.*

*(D) I'm starting to see a really beautiful light show. It's one of those 4<sup>th</sup> eye ones. Wow that was gorgeous.*

*(D) So it's coming from the upper-left corner of my eye, and I'm getting this pale blue, pulsing blue light, and some cobalt blue pulsing in as light.*

*(D) I'm not sure what I'm seeing now, some of this is very difficult to describe.*

*(D) OK, so you can picture a brain or intestines, like crunched up tubes. It wasn't normal colors; more psychedelic. I think it's Cronus. He showed me baby blue or pale blue colors last time.*

**Cronus, God of Truths; but discordant energies.**

*(D) I'm going to be interjecting quite a bit of information during this message.*

**Today's societies need to display wanton cruelty through acts of discordant behaviors. It causes chaos within humanities need to expose untruths.**

*(D) It's important to describe Cronus' energies. They are quite different from that of Coeus'. When Cronus comes in, (they are showing it to me like a big block) it's much heavier like a sledge hammer or gavel coming down. It's not bad energy by any means. It just feels very blocky like a big weight.*

**Human discordant behaviors are running ramped through societies needs to...**

*(D) He talks extremely fast. So fast that I can't repeat his words fast enough.*

**...control the dysfunctions.**

*(D) OK, I'm sorry, but I have to say something. You're just going to have to wait a minute, because I want to say something.*

*(D) Cronus feels very intense; super powerful with strong feelings. Coeus feels more light-hearted, gentle, and concise.*

*(D) The energies that Cronus is projecting out on humanity are heavy, discordant energies. It's very important how this feels, but I can't seem to find the words for it. I think people are going to feel these energies in a bad way and not know what to do with them.*

*(D) I don't know if he's trying to make a point or what. My head felt very congested, and then suddenly it went away. Similar to that of a sinus cold or headache.*

*(D) Now I'm seeing an energy pulse. It starts at the back of my vision and pulses forward, then*

*reverses and gets smaller as it gets farther away.*

*(D) I should have known that it was you, when I saw that baby blue color.*

*(D) I keep seeing an arm with a hammer pounding down.*

**You get the idea. You have the desire to see the energies.**

*(D) I'm getting something else visual. He definitely has a LOT of energy around him.*

*(D) I'm starting to think there is an owl collective. I'm one of them as Athena and Coeus is a sweet, sexy, smart owl. For a second I saw an angry owl that didn't look happy; Cronus. He looks wise, but disgusted.*

*(D) OK, Cronus and I are having a bit of a disagreement on how to present these materials to the readers. He says that **I have a need to control the information.***

*(D) I'm telling him that he needs to soften the blow. I told him that he is going to scare people. He's very forceful and there is a better way to present things.*

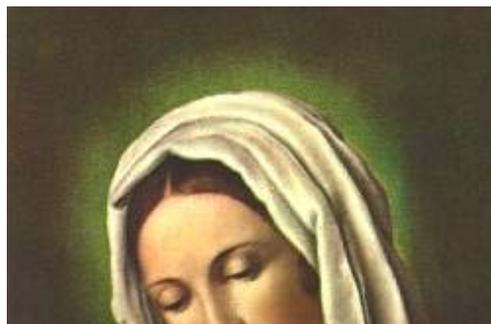

**...an understandable format.**

*(D) I'm wearing full body armor and I'm pushing on Cronus chest saying, "You have to let me do this!" He's quite a bit taller than myself, but I'm not afraid to speak my mind, as he doesn't intimidate me.*

*(D) OK, I think that we resolved our issues.*

*(D) His energies are very electric and colorful; multi-colored bursts of energies; an unavoidable energy that will be felt...*

*(D) I'm getting hot again.*

*(D) I'm not sure who's talking here, I believe its still Cronus. He's showing me someone in prayer. He is showing me the need to pray and transmute the energies through my sacred*

heart.

*(D) I put my hands into a prayer position over my sacred heart. My, what I refer to as “auxiliary chakras” in my fingertips are pulsating with my sacred heart; in unison.*

**There is going to be a need to go within your sacred space...**

*(D) The pulsing is intense; all the way throughout my body.*

**...to transmute...**

*(D) My face is pulsing on the one side of it. He has a lot of energy.*

**...discordant energies.**

*(D) I'm seeing Mother Mary and Quan Yin. You'll need to work with both of them, because much compassion will be required, and SELF-CONTROL when the discordant energies shift. (I'm not sure if he said that for me.)*

*(D) I don't like to be a barer of bad tidings, but **there is going to be a lot of prayer and meditation required from all peoples over the earth through your sacred heart.** Cronus' energies are going to be rolling through everyone and everything on the planet, and they are an unavoidable force. I HIGHLY recommend feeling his energies with compassion and mercy for all.*

*(D) These two energies of Coeus and Cronus are very, very strong, and very loyal to the Holy Father. The truths are extremely powerful and can be quite painful. Energies will be shifting up, down, and all around in an instant; BE PREPARED!*

**NOTE: The Violet Flame prayers and decrees of forgiveness, transmutation, and protection are available on this website as a .pdf (Adobe Acrobat Reader) file for **all** your electronic devices. Download it and PRINT it out. All electronic devices are going to become obsolete soon. I highly recommend that you memorize all of them.**

**Which is why it's important to always walk in the truths and not deviate because of dysfunctional acts.**

*(D) I'm telling him that we should leave the discussion for now. There is much to discuss, and it can be overwhelming to most. It's also a bit frightening for most of human kind.*

**Be careful what you choose. Choose through your heart; not your head.**

*(D) I'm getting a pictorial; he's motioning through your heart and pointing at his head.*

*(D) Coeus stepped in and puts his arm around me, and then hands me a **\*white cup**.*

**Take this and drink this.**

*(D) Coeus did this quite eloquently. I think he had a tuxedo on and had a white towel over his arm, being very gracious*

**The old must go, before the new must come in.**

*(D) Interesting words for the time of year; January 2nd.*

**Harmony exists for those on the path to ascension.**

**For tensions exist throughout our control systems. The need to examine the truths through ones own confines of reality.**

*(D) You sure like to use the word "confines."*

**... as the truths do play a role in the confines of reality. Needless to say, confines exist throughout your need to control the topic.**

*(D) Sorry!*

**Demons exist throughout your pain and**

**suffering...**

*(D) He's speaking about humanity in general.*

**they are of your own making.** Clean them up, cleanse them with the sacred flames of transmutation and forgiveness for those are yours, and your, and yours alone. Each devouring...

**You're getting sleepy.**

*(D) I can manage. I want to finish that sentence.*

**Your heart is a sacred symphony; what goes in, is what comes out.**
